MPP 2027 Timetable — Semester 2

Streams at a glance

Table summary: this table lists the six streams (A to F), one row per stream. Online classes are in Zoom rooms (Zoom 15 for MPP503 and Zoom 5 for MPP550) and on-campus classes are in TR6. Streams A to D are online and E and F are on-campus; all streams run on Wednesday. Streams A and D can choose between two MPP550 class times, shown with "or". All times are Melbourne time.

Note on daylight saving

The first two tables use Melbourne time. Semester 2 starts before daylight saving, which begins on 3 October 2027 (Melbourne moves from Australian Eastern Standard Time to Australian Eastern Daylight Time). Times for South Australia, Queensland, Northern Territory and Western Australia are under "Streams by state" at the end, with one set of tables for before daylight saving starts and one for after it starts.

Timetable (Melbourne Time)

Table summary: this grid shows the same classes as the “Streams at a glance” table, laid out visually by time, and gives the room for each class. All classes are on Wednesday. Each row is a 15-minute time slot from 9am to 6pm, Melbourne time. The columns are Time, then Wednesday split by unit (MPP503 and MPP550) with Online and On-Campus columns under each, and Time at the end. Each class shows the unit, the stream or streams in brackets and the room (Zoom 15 or Zoom 5 for online classes, TR6 for on-campus classes), and the cell is merged down across the time the class runs (2 hours for MPP503, 1.5 hours for MPP550). Where two streams share a class, both are shown, for example MPP550 (B/D) is for Streams B and D. Because of the merged cells, the “Streams at a glance” and “Streams by time of day” tables, which show the same classes and rooms with no merged cells, may be easier to read with a screen reader.
